**Baton Rouge, LA, November 13, 2013** — STAT Home Health today announced that it has been named a Top Agency of the 2013 HomeCare Elite™, a recognition of the top-performing home health agencies in the United States. Now in its eighth year, the HomeCare Elite identifies the top 25 percent of Medicare-certified agencies and highlights the top 100 and top 500 agencies overall. Winners are ranked by an analysis of publicly available performance measures in quality outcomes, best practice (process measure) implementation, patient experience (*Home Health CAHPS*®), quality improvement and consistency, and financial performance. In order to be considered, an agency must be Medicare-certified and have data for at least one outcome in Home Health Compare. Out of 9,969 agencies considered, 2,496 are elite.

STAT's West, North and Central Louisiana offices all ranked in the Top 25% of agencies nationwide while STAT's Northwest Louisiana office ranked in the Top 500. STAT provides services throughout Louisiana and also has an office in Pensacola, Florida.

The award is sponsored by OCS HomeCare by National Research Corporation, the leading provider of home health metrics and analytics, and DecisionHealth, publisher of the most respected independent newsletter in the home health profession, Home Health Line.
